Stock Finance Is Now Available

This month we have details of a new stock finance facility that can be used in addition to invoice finance or on a standalone basis. It enables companies to raise money against unsold raw materials and goods, even if they are not pre-sold.

Additionally, we have included an article about how you can overcome supply chain issues, like losing our trade credit accounts, if you have to switch to UK based suppliers.

If we can help you with a free quote search for business finance please get in touch.

With kind regards,

Glenn & Sean
